

Swim4Life Program Helpers

Let's work together to reduce drowning related deaths for young children in Thailand

2020 the World Health Organization reported that Thailand is still "number one" for child deaths by drowning in ASEAN. In fact, the WHO says that the country's child death by drowning rate is twice as high as the world's average !

With no public funded pools on Samui there is little opportunity for children in government schools to learn basic water safety. We are blessed with beautiful beaches but without swimming and safety classes, the sea is as much a hazard as a blessing for local children.

We need Helping Hands Can you spare 3 hours some Saturdays?

Our program for up to 40 Thai kids needs Assistant Swim-Coaches. Just basic swimming ability is all you need. Other pool-side helping hands especially Thai speakers very welcome with no swimming ability required. For everyone a BIG heart most important: our Head Coaches will show you the rest.

Helpers of any nationality aged 18+ very welcome male or female - feel free to come along and take a look before signing up.

The students program begins early June. Join us to help reduce drowning for young children.

Kind financial contributions are welcome to help buy equipment for the activities and swimwear please transfer to the below account or see our website for more details of tax free giving www://rotarysamui-phangan.org/how-to-donate/

SCB Bank (Lotus Lamai Branch) a/c 427-083691-8 Account Name: Warunee Sarika Charter President SWIFT Code: SICOTHBK

Course takes place at The International School of Samui and Rotary and the people of Samui are most grateful for the generous donation of their facilities and financial support to make this program happen
